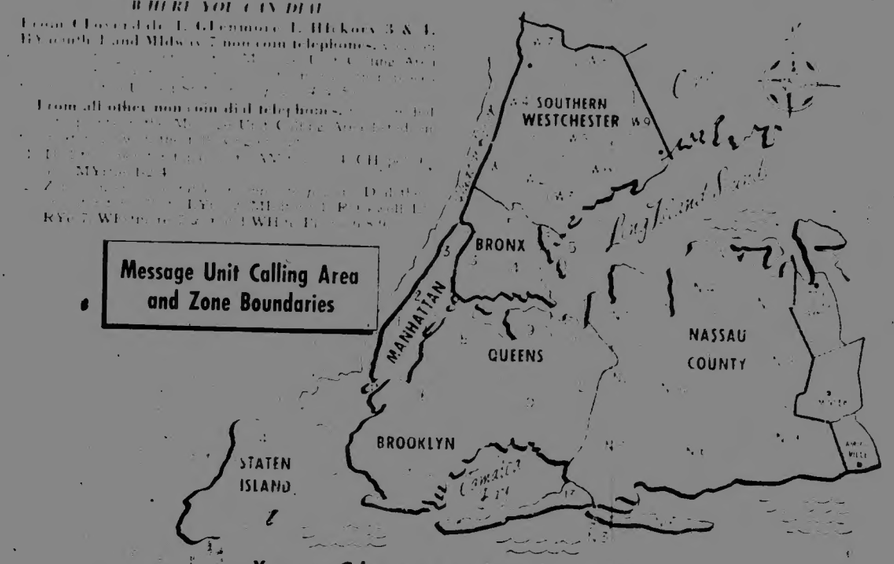
THE MESSAGE UNIT CALLING AREA—

The Message Unit Calling Area comprises the five boroughs of New York City, the part of Westchester shown on the map and Nassau County, Amityville, Cold Spring Harbor and Farmingdale, L. I.

WHERE YOU CAN DIAL

From Cherrydale, L. Glenmore, L. Hickory 3 & 4, Holcomb Road and Midvale 7 non-coin telephones

From all other non-coin dial telephones



Your Charges Explained

From all telephones *(except coin telephones)*, the charges for calls to points in the area covered by this message unit plan are computed in terms of message units. The number of message units is not necessarily the same as the number of phone calls made. The units charged for each call depend on the distance called or the length of the conversation. Message units charged to the toll bill will be rounded up to the next 5 cent unit.

From coin telephones, the charges for calls completed to points in the area covered by this message unit plan are shown in the message unit charge listing on the opposite page. Charges from coin telephones are at the rate of 5 cents for each message unit with a minimum of 10 cents per call. On calls of 25 cents or more a federal excise tax applies as imposed by the present rate of 5 cents. Overtime charges are as follows:

For a call costing	You can talk up to	Overtime charges
10¢	3 minutes	5¢ for each additional minute
15¢ or 20¢	6 minutes	5¢ for each additional minute
25¢	8 minutes	5¢ for each additional minute
30¢ or more	10 minutes	5¢ for each additional minute

Calls to points within the Message Unit Calling Area can be collect or "person" rates to all the message unit charge shown on the opposite page is 10 or more message units for the initial period. The charges are billed separately at the rate of 5 cents per message unit plus an added charge of 10 cents per call. From all telephones, collect and person-to-person calls should be placed with the operator.

Possible New York City Tax Refund

YOU MAY OBTAIN REFUND of the New York City sales tax paid (or record payment of such tax in the future) on calls from New York City to southern Westchester, Nassau County, Amityville, Cold Spring Harbor and Farmingdale charged for on the second line of your telephone bill. Claims may be made by furnishing your Business Office with information (based on records or reasonable estimates) concerning such calls.

The amount of the refund is 3% of the charge for message units used on such calls. For example, if 10% of your message units are for Nassau and southern Westchester calls, and your message unit charge (shown on the second line of your bill) is $10.00, you are not taxable on 10% of $10.00, or on $1.00. The tax on $1.00 is 3¢ so you would be entitled to a 3¢ refund.

Your Business Office will be pleased to furnish the appropriate application forms.

It's Simple to Dial Your Long Distance Calls — Just Read This Carefully

Dialing to distant points is as easy as dialing a local number, except that you first dial a 3-digit area code.

Hundreds of points are now dialable. Some of them are listed below. Your operator will be glad to tell you whether any other place in which you are interested is dialable and, if so, to advise you of the proper area code. If it is not dialable she will handle the call for you.

To find a number you don't know in Brooklyn or the other boroughs of New York City, northern New Jersey, Long Island, Westchester and Rockland counties and vicinity, call Information — dial 411. For other numbers, dial the operator.

For person-to-person and collect calls *see inside front cover.*

For Example To dial Mitchell 2-9970 in New Jersey, first dial the area code 201, then the number MI2 9970. If someone in Boston were dialing you direct, he would dial your area code "212," then your number.

'Beep' Tone Indicates Conversation Being Recorded

A short high-pitched "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his recording machine connected to the line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder, the signal is no longer heard. Use of a recorder without this signal is unlawful.

Employee Identification

Every employee of the telephone company authorized to install, inspect, repair or remove the company's apparatus carries a card showing the company's name and the employee's number and photograph. Other telephone employees and directory delivery men also carry suitable identification. We suggest that customers refuse access to their premises to anyone who represents himself as from this company, but who cannot so identify himself.

Attachments to Telephones & Directories

All equipment furnished and directories leased or furnished without specific charge by the telephone company remain its property. Many items, offered free or sold by others for attachment to telephone instruments, directories and other telephone property, interfere with service and infringe on the company's property rights. The telephone company reserves the right to remove such unauthorized attachments and devices from its directories and equipment. Whenever any communication equipment is required for a particular need, please call your telephone Business Office.

"I'm Your Business Office Representative. May I Be of Service to You?"

"IN THESE INTRODUCTORY PAGES we feel that we've included the most important items affecting you as our customer. If you do not find the answer to your question about service I will be glad to discuss it with you. Just call me anytime between 9 and 5 Monday through Friday (except holidays). If you are calling from your own telephone just dial 811. After Business Office hours, for emergency establishment of service, dial the operator and ask her for 'COrtlandt 7-Official 34.' For transactions involving directory advertising accounts, dial EXchange 0-1212.

"Oh yes, I might suggest your looking over the many equipment items and services in these pages. I'll be glad to give you further details when you call — and perhaps you may wish to place your order then."

Our Customer Service Bureau An Aid to Business People

Business people interested in improving telephone communications at their firms or business establishments can obtain the free services of the telephone company's Customer Service Bureau. Helpful advice on how to make more effective use of telephone service is available from the company representative who will visit the customer's premises on request. Call the Business Office — dial 811 — and arrange for an appointment.

Planning to Build, Remodel or Buy?

Make your dream house a "telephone planned home" and you will enhance its appearance and add to its resale value. Plan from the start by arranging for conduits for concealed telephone wiring within the house walls. Our *Telephone Planning Service* provides advice to builders, architects and individuals, without charge. When considering the purchase of a new home look for the above seal, the symbol of a "telephone planned home." Call the Business Office (dial 811) for free booklet.

EQUIPMENT AND SERVICES

The Yellow Pages Open Your Business Doors

Your business listings and advertisements under appropriate classifications in the Yellow Pages will open the doors to potential buyers of your products or services. Many people in a buying frame of mind refer to the Yellow Pages with confidence when looking for complete coverage of *"who sells or services it."* For expert advice at no obligation, call OREgon 9-4000. The R. H. Donnelley Corporation, 305 East 45th St., New York 17, N. Y., our sole authorized directory advertising representative.

Color Telephones Give Beauty, Convenience

Today's living includes comfort, convenience and beauty. Right in step with this thinking are additional telephones in rich decorator colors. Suitably located in the kitchen, bedroom, workshop or teen-ager's room, additional telephones in desk or wall type are one dollar a month each, plus a one-time charge for the color. To add a touch of brightness to any interior ... to save steps and time whenever the telephone rings ... call your Business Office today and order your extensions in color.

Your Directory Listings Help Your Callers

Can all members of your household or firm be located through the alphabetical listings in this directory? If not, take stock of your requirements and call your local telephone business office without delay. Additional listings for your family and business will make it easier for potential callers who do not know your number. The cost is small — as little as a cent and a fraction a day per listing.

Free Booklets For Telephone Numbers

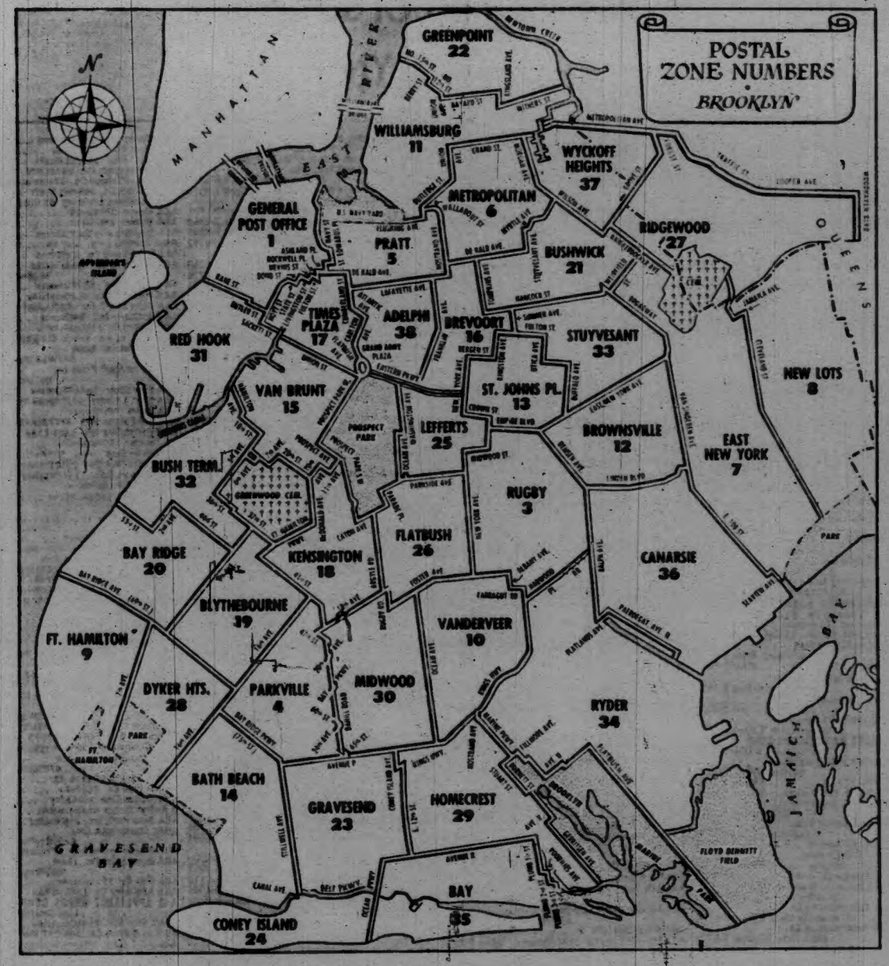
That handy telephone number when you need it is the key to the quickest, easiest way of making your calls. Start now to record numbers called frequently in the Blue Book of Telephone Numbers, which is yours on request. It comes in two convenient sizes — for the pocket or handbag and for the desk. It's available now by calling the Business Office (dial 811).

Send Your Telegrams By Telephone

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company following instructions shown under the listings of that company in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from coin telephones, paying as you would for a telephone call.

Roadside Phones At Your Service 24 Hours Daily

No matter what the hour, night or day, you can make your calls from outdoor telephone booths conveniently located at bus stops, outside gasoline stations, shopping centers and along parkways. On a trip, when you want to call ahead, just look along the road for the familiar phone booth, which means that fast and dependable telephone service is available.



Mail matter is not completely addressed unless the number of the Postal Zone forms a part of the address. The Postal Zone Number must follow "Brooklyn" and precede "N. Y.", as shown below:

Mr. Frank E. Smith
271 Washington St.
Brooklyn 1, N. Y.

Please address clearly; do not abbreviate; put name and address of sender on all mail.

If you cannot determine the Postal Zone Number of a given address by referring to the Postal Zone Map above, check with your Postman or call MAin 4-1000, Extension 261. We will supply, without charge, the correct Postal Zone Number for each person on your mailing list for Brooklyn, N. Y.
